#### HI98118

## GroLine pH Tester

- Waterproof
- Extractable clothjunction to extend pH electrode life
- Quick calibration mode using Hanna Quick Cal pH/EC calibration solution
- Two-button operation

The GroLine HI98118 pH/temperature tester is our latest pocket meter for measuring the pH of a hydroponic nutrient solution. The HI98118 has a very large easy to read LCD display that shows both pH and temperature along with calibration, stability, and low battery indicators. All operations are simplified to two buttons.

#### Exposed temperature sensor

HI98318 features an exposed temperature sensor for faster response times.

### Watertight seal

An easily removable cover provides access to the battery compartment.

Supplied in a carrying case with buffer and cleaning solutions.
